# Invitation

Dear Friends,

On behalf of the organizing committee, I would like to invite you to participate in the 7<sup>th</sup> International Congress of the Society for Ethnopharmacology, India, to be organized by the Bioactive Natural Product Laboratory, School of Pharmaceutical Education and Research, Jamia Hamdard, New Delhi, India, from 15<sup>th</sup>-17<sup>th</sup> February, 2020.

The 7<sup>th</sup> SFEC 2020 will review discuss, and explore the scope of current research topics related to ethnopharmacology, medicinal plants, herbal drugs, traditional medicines, food supplements and natural products. The congress will explore new approaches for research and development in preclinical (in silico, in vitro and in vivo) and clinical areas, safety assessment, and quality control of herbal drugs and natural products, including their regulatory perspectives and post-market surveillance.

Jamia Hamdard, an outstanding institution of higher learning with distinct and focused academic programs, has recently been recognized as an Institution of Eminence by Govt of India. The School of Pharmaceutical Education and Research (SPER) at Jamia Hamdard, one of the oldest and most reputed Pharmacy Institutes of India, has been ranked #1 amongst the Pharmacy Schools of the country (NIRF 2019, Ministry of HRD, Govt. of India). The Bioactive Natural Product Laboratory (BNPL), a well-equipped laboratory of the Department of Pharmacognosy and Phytochemistry, is engaged with research on herbal drugs and traditional medicines, and has several research collaborations with industries and institutions in India and abroad.

New Delhi, the capital city of India, is pleasant in February, famous historically and worth to explore especially if this is your first time to visit. It is well connected by Air, Rail, Bus and Metro.

We are eagerly looking forward to welcome you in Delhi for a very meaningful intellectual meeting and a memorable stay. Please contact us, if we can help you any way, to make your visit more enjoyable.

Sincerely,

**Dr. Sayeed Ahmad**

The 7<sup>th</sup> International Congress of the Society for Ethnopharmacology, India (SFEC 2020) is being organized by the School of Pharmaceutical Education and Research, Jamia Hamdard, New Delhi, India, in association with Society for Ethnopharmacology, India, on February 15-17, 2020 at New Delhi, India. This will focus on Ethnopharmacology in development of scientifically validated quality products from medicinal plants and regulatory aspects and highlight several crucial and contemporary issues on:

- Evidence-based validation of traditional medicine
- Traditional medicine inspired drug discovery and development
- Evaluation of safety, efficacy and quality of botanicals
- Identification and documentation of medicinal plants and traditional resources
- Pharmacological evaluation of medicinal plants
- National and international regulatory needs of herbal drugs and traditional medicines for current global market needs
- Phytochemistry, metabolomics, pharmacokinetics and stability studies of botanicals
- Integrative approach for promotion and development of traditional medicines
- Development and evaluation of herbal formulations from botanicals
- Plant breeding, genomics, proteomics, genetics and biotechnology
- IP rights, patents and regulatory affairs of medicinal plants
- Conservation and propagation of rare, endangered and threatened medicinal plants

## Jamia Hamdard

Established in 1989, Jamia Hamdard (JH) "The Institute of Eminence" as recommended by Govt of India, is an institution of higher education located in New Delhi, India. It is a partially Government-funded Deemed to be University primarily known for its Pharmacy, Medicine and Engineering programs. Jamia Hamdard is ranked among top 20 Universities of India by the National Institutional Ranking Framework (NIRF) 2019, Govt of India and has been accredited in 'A' grade by the National Assessment and Accreditation Council (NAAC) of India.

School of Pharmaceutical Education and Research (SPER) is one of the oldest and most reputed Pharmacy Institutes of India and has been ranked #1 amongst the Pharmacy Schools of the country (NIRF 2019, Ministry of HRD, Govt. of India). The School possesses advanced infrastructural facilities including a well-equipped instrumentation centre having TEM, NMR, LC-MS/MS, GCMS, HPLC, HPTLC, SFE etc, and other state-of-the-art laboratories such as Bioactive Natural Products Laboratory and Nanomedicine Laboratory, among others. All the four departments of SPER are DST-FIST sponsored and are actively involved in research as evident from their publications in reputed journals. The School has published more than 800 research papers in SCI-indexed journals with more than 20,000 citations and above 67 H index, and filed more than 25 patents in the last five years. Currently, SPER is running sponsored research projects of more than Rs 10 crores and consultancy projects of over Rs one crore.

Department of Pharmacognosy and Phytochemistry is one of the premier departments of the School and is supported with the FIST of DST and the SAP-II grants of UGC, Govt. of India. The Bioactive Natural Products Laboratory (BNPL) is a well-equipped state of the art laboratory, promoting research on Metabolomics, Quality Control, Monograph Development, Hyphenated Chromatography, TLC Bioautography, Pharmacokinetics and Stability Studies of Herbal Drugs and Formulations. It has research collaborations with Industries (Hamdard, Dabur, Aimil, etc) and educational institutions in India and abroad (NCNPR, University of Mississippi, USA; University of Khartoum, Sudan; etc). ## Society for Ethnopharmacology, India

Society for Ethnopharmacology, India is registered under the West Bengal Society Registration Act and affiliated to the International Society for Ethnopharmacology. The society was formed in 2013 and has made its presence throughout the country and provided a networking opportunity for development and promotion of medicinal plants and ethnopharmacology. The Society works for dissemination of knowledge in these areas through different local chapters established in different parts of India with the major emphasis on "Globalizing local knowledge and localizing global technologies." For further details, please visit: [www.ethnopharmacology.in](http://www.ethnopharmacology.in)

## International Society for Ethnopharmacology

International Society for Ethnopharmacology (ISE) is an international scientific organization of researchers dedicated to interdisciplinary study of the pharmacological actions of plants, animals, insects and other organisms used in medicines of indigenous and modern, past and present cultures. The major objective of the ISE is to promote Ethnopharmacology as a scientific field of research. Journal of Ethnopharmacology is a major organ of the Society, which is dedicated to exchange and spread information and understanding about the diverse use of natural products and their bio-prospecting. For details, please visit: [www.ethnopharmacology.org](http://www.ethnopharmacology.org)

#### THEMES

- Metabolomic profiling of herbal drugs and botanicals, using hyphenated techniques
- TLC bioautographic method for high throughput screening of bioactive metabolites
- Concept of Traditional Indian Medicines in Health Care
- Development of Pharmacopoeial Monographs

### Opportunities for Sponsorship/ Collaboration

This multidisciplinary program will address several crucial research issues for the promotion and development of the natural products, especially from medicinal plants. A series of keynote and plenary lectures by internationally renowned scientists in the field of medicinal plant research will focus on specific key areas. The congress will offer an ideal platform for networking between the industries, academicians, scientists, planners and regulators, and those engaged in the medicinal plant research.

During the congress, an exhibition would be organized to give opportunity to private companies/scientific institutions to display their products/work. The exhibitors can also have one to one discussion with prospective business partners/collaborating agencies/individuals.

**REGISTER FOR CONGRESS & WORKSHOP THROUGH ONLINE PORTAL**

## 'SFE-YOUNG ETHNOPHARMACOLOGIST AWARD'

The Society for Ethnopharmacology, India (SFE-India)

has instituted in the memory of **Dr. P. K. Debnath**

### Objective

To recognize and encourage the young talented scientists/researchers from academia and industry working in any area of ethnopharmacology and medicinal plant research including traditional medicine, phytochemistry, pharmacology etc. or any other research related to the promotion and development of medicinal plants and natural products.

### Criteria of Selection

The selection will be limited to the delegates of the Annual Congress of SFE-India (SFEC 2020, Jamia Hamdard) who will register for the Congress and get their paper accepted for oral presentation. Participants engaged in research in any field of Ethnopharmacology and Medicinal Plants, up to the age of 40 years, are eligible. Selection of awardee will be based on the quality of the abstract(s) submitted by the young researcher and accepted for oral presentation in the annual SFE congress. Three best presentations will be awarded based on the quality of oral presentation during the congress, where the presentations will be judged by the experts from different areas, as decided by SFE-India. The award carries a Memento, a Citation and a Cash prize of registration fee.

### Selection committee:

Representatives from the Executive Committee of SFE-India along with the experts from different fields of ethnopharmacology and medicinal plant research will be a part of the selection committee. Decision of the committee will be final. The award will be conferred in the valedictory function of SFEC 2020 at Jamia Hamdard, New Delhi.

## Sightseeing Tour of Taj Mahal and Agra Fort

**@ 100 USD per person (International)**  
**@ 3000 INR per person (Indian)**

A beauty in white marble, one of the seven wonders of the world, Taj Mahal was constructed by the Mughal Emperor Shah Jahan in 1653 in memory of his favourite wife Mumtaz Mahal. The magnificent monument is set in a huge complex, graced with well-maintained gardens and fountains. Just one km from Taj Mahal, Agra Fort is another architectural wonder of Mughals. Built by the Emperor Akbar in 1565, the red sandstone fort houses numerous interesting buildings like Diwan-e-Aam, Diwan-e-Khas, Sheesh Mahal, Jehangir Palace, Khaas Mahal, Musamman Burj and Pearl Mosque.

The sight seeing one day tour may be organized during 14 – 18th February 2020, depending on the sufficient number of participants in group on that day. A minimum of 4 members per group will be required. The pick and drop point will be the congress venue. For further detail please contact:
